4. **Public forum – Time for WWU & community members to address the ASWWU Executive Board.**
    a. None.

5. **ASWWU Executive Board reports**
    a. **ASWWU Executive Board President Report** (Maynard, Doc 2)
        i. First board of trustees meeting of the academic year
            1. Even though WWU GAP is working well and is being expanded statewide, the biggest barrier to enrollment seems to be financial decisions.
        ii. WSA, hiring an accountant. Meeting in person for the first time at fall assembly.
        iii. Resolutions were introduced to senators last night for volunteers.
        iv. Reception with President's cabinet rescheduled to Nov 5
    b. **ASWWU VP for Gov Affairs** (Triebs, Doc 3)
        i. LAC will be having the first meeting next week. Invitations to join (after approved appointment) to be sent out tonight with rejection notices sent out tomorrow
        ii. Looking forward to attending WSA to follow up on questions raised after meeting with Nora
        iii. Meeting with students
            1. LSU expressed concerns and gave feedback on the Jane Doe statement
            2. Met with a reporter from The Front
    c. **ASWWU VP for Student Services** (Plastino, Doc 4)
        i. Met with WTA briefly to talk about contract language.
    d. **ASWWU VP for Sustainability** (Wald, Doc 5)
        i. TAC meeting, reviewing the WTA contract. Learned how the bike counters around campus work.
            1. Cleared confusion around the difference between TAC (student advisory group, not run by ASWWU) and ASTAC (OPMA compliant, chartered by ASWWU, making decisions about the fee).
    e. **ASWWU Executive Board Advisor Report** (Lorio)
        i. Timesheet reminder (for Halloween)
        ii. Administratively, we will be updating the minutes for clarity and motion tracking.
        iii. Question: what's your favorite color?
            1. Blue

6. **Action items – Items that are expected to need a vote**
    a. **WSA Finance Committee Nomination of VP Welfare** (Maynard)
        i. Welfare, it makes sense given that many of the committees he's already on are finance related

ASB-26-F-08	Motion: VP Plastino moves to nominate Vice President Welfare to the WSA Finance Committee representing ASWWU.
Draft Language:	

Motion Made By:			Motion Seconded By:
Plastino			Hoover
Vote Count:			
Aye	Nay	Abstain	**Action Result:**
7	0	0	Passed

b. Approval of the 2026-27 Services and Activity Fee Committee Membership (McBride, Doc 6)

i. S&A Fee committee coordinator. ASWWU is meant to approve the membership of this committee. McBride's job in this situation is to gather the membership, train them, and then have them do the work.
   1. The process included checking conflicts of interest for at-large members. For example, if a student is a paid member of one of the recipients of the S&A fee, it is a conflict of interest for them to also be a paid, at-large member
   2. Main role is to facilitate the process, not influence the students on the committee.

ii. Maynard, earlier in the year, met with McBride and Welfare to talk about how to take the ASWWU a little further out of the process, have McBride review the applicants.

iii. Lorio, point of order; if you are being voted on to join the committee, potentially remove yourself from the room

iv. Triebs, why is Athletics part of this committee if they have their own fee?
   1. McBride, dollars may still be reallocated throughout the year, and it makes sense that they should be part of the process until they are fully out of the fee pool
   2. Athletics is still a voting member per the Board of Trustees.
      a. Lorio, the board doesn't vote until December about this.

v. Hoover, is it ethical to be part of starting a committee working with the Athletics fee

ASB-26-F-09	Motion: Triebs moves to approve the 2026-2027 Services and Activity Fee Committee Membership.		
Draft Language:			
Motion Made By:			**Motion Seconded By:**
Triebs			Plastino
Vote Count:			
Aye	Nay	Abstain	**Action Result:**
5	0	2	Passed

c. Approval of the 2026-2027 Legislative Affairs Council At-large Student Membership (Triebs, Doc 7)

i. Review of highlights of the applications.

ii. COLA Keating shares that the applications received were very strong and these finalists stood out.

ASB-26-F-10			Motion: Welfare moves to approve the 2026-2027 Legislative Affairs Council At-Large Student Membership
Draft Language:			
Motion Made By:			**Motion Seconded By:**
Welfare			Hoover
Vote Count:			
Aye	Nay	Abstain	**Action Result:**
7	0	0	Passed

d. SEJF Program Restructuring Workgroup Proposal (Wald, Doc 8)

i. Zinta Lucans, Program Manager for SEJF. Introduces what SEJF is, explains the process for receiving a grant through the fund, and the history of the changes to the process throughout the years.

ii. Wald speaks to the workgroup proposal.

ASB-26-F-11			Motion: Hoover moves to approve the SEJF Program Restructuring Workgroup Proposal.
Draft Language:			
Motion Made By:			**Motion Seconded By:**
Hoover			Welfare
Vote Count:			
Aye	Nay	Abstain	**Action Result:**
5	0	2	Passed

7. Discussion Items

a. By-Laws Removal Article Discussion (Maynard, By-laws)

i. The removal article has the potential to conflict with WAWU contract language. In talking with WAWU, they suggested having a clear list of tasks/behaviors that could be an infraction since now, anything for any reason could lead to removal.

1. The current administrative removal section is not under the authority of either body (student employee eligibility, senators no longer being part of the college they're meant to represent).

ii. Welfare, references Senator Lee's idea of a clear form that starts the process.

1. The ethics committee, making sure there's evidence, different infraction levels, progressive action being taken as layers before removal,
    a. Question, Mayard, how public should this process be? Would this happen at a regular meeting?
    b. Lorio, the contract language references specifically supervisor/employee relationship, but since the charter specifically says that AS government can have its own process
        i. Sometimes progressive action wouldn't be appropriate
            1. Discussion of crimes vs job specific situations for removal
        ii. Wald, idea of the advisor bringing a 'case' to the attention of the bodies and a group of volunteers on the committee

1. Maynard/Lorio, the advisor in this situation is not a supervisor, this might become inappropriate

c. Montalvo, how do we decide who's on the ethics committee?
d. Wald, the idea of an ethics committee makes sense, but the practicality of peers discussing possible termination doesn't sound very good
    i. Montalvo, The form that gets presented is a step in the formal process, but the first step should be a check in directly with the person
    ii. Maynard, the bodies are not juries, and voting in this way especially with senate outnumbering executive board might not be fair

2. Maynard, HR doesn't necessarily check GPA, even though within the AS and general student employment require 2.0 GPA. We can align with HR/univ policy
    a. Wald, If you're not going to be removed from the University for being in bad academic standing, why be removed from your position? Unless you're on probation, that shouldn't be a factor
        i. There shouldn't be a binary of fired or not fired, a review period, make amends, come back to the position
        ii. Lorio, Clarification on levels of academic standing, how GPAs between quarters affect cumulative GPAs

ASB-26-F-11			**Motion: Wald moves to extend the meeting by ten minutes.**
Draft Language:			
Motion Made By:			**Motion Seconded By:**
Wald			Hoover
Vote Count:			
Aye	Nay	Abstain	**Action Result:**
7	0	0	Passed

8. Information items – Items that do not need a vote

a. Senate President Report (Senator Cooperrider, Doc 9)

i. Senator Cooperrider reads the Senate President's report to the group.

9. Call to adjourn

Maynard, Chair, called the meeting to order at 4:10p.m.

ASWWU Executive Board Report

AS President
10.29.26

Committees: N/A... stay tuned for next week.

Committee	Date	Summary
University Budget Committee	11/2	
President's Sustainability Council	11/12	

Meetings with Staff:

Staff	Date	Summary
President Sabah Randhawa	10/28	Shared monthly updates on our priorities. Talked about Washington Roundtable funding formula discussion and financial aid packaging Western can explore alongside the WWU GAP program.

Meetings with Students:

Met with WAWU representatives 10/27 to discuss questions and concerns about AI Bill of Rights project with CALC. Clarification will hopefully come soon with a follow up meeting on the 30th.

Important Projects:
Resolutions
Workgroups

Additional Notes:
Group meeting with the Centers 11/6 @ 10am VU 735
President's Cabinet Reception 11/5, next meeting will be short!

ASWWU Executive Board Report

Position: VP of University Operations
Date: Oct 27, 2026

Committees:

Committee	Date	Summary
Conference	10/20	Workgroups priority order, removal discussion
Conference	10/27	Revised the Workgroups template to include more specific expectations. Clear leadership/points of contact for each workgroup.

Meetings with Staff:

Staff	Date	Summary
Tulea Enochs	10/20	Discussed issues like proposal language in a possible pitch to Chartwells in the future, to implement a meal swipe or pilot program. We looked at past resources to see how other Universities gave their pitch to Chartwells and what was successful or not.

Meetings with Students: N/A

Important Projects: Swipe Out Hunger, Ethical Contracts agenda/gathering feedback from divestment groups

Additional Notes: Ethical Contracts Committee meeting got moved from 10/27 to 10/30

ASWWU Executive Board Report

Position: VP of Activities
Date: 10/29/2026

Committees:

Committee	Date	Summary
DRAC	10/28/2026	DRAC met with the agenda goal of choosing a secretary for the committee so that DRAC could have a dedicated minutes-taker. N/A was appointed as DRAC's secretary.

Meetings with Staff:

Staff	Date	Summary
Frances Badgett	10/27/2026	I met with Frances to discuss the idea of the ASWWU having a spot on the What's New WWU Newsletter. Frances approved of including content from ASWWU in What's New, citing her own flexibility to give us our own segment if we had lots to share with here and dividing us up into smaller bits in other relevant sections if we didn't have much to share that week. Frances expressed that if we would like to have something published to students in one of the newsletters Wednesday releases then we should get it sent to Frances by the Friday before. Going forward, I believe it would be best if everyone sent me their outgoing materials intended for What's New beforehand. That way I can send Frances one larger packet of material, instead of everyone sending over more, smaller packets.

Meetings with Students:

Important Projects:

I would like us to take two minutes to discuss our levels of availability and comfortability regarding the prospect of doing in-class visits to inform primarily freshman and undergrad students that we (the ASWWU) exist and are here to represent their interests.

Additional Notes:

ASWWU Executive Board Report

Position: VP For Diversity
Date: October 27, 2026

Committees:

Committee	Date	Summary

Meetings with Staff:

Staff	Date	Summary
Jacqueline Hughes	Oct, 22	We discussed our current events and future goals for the school year. WWU Office of Equity have organized a new program via in person and online addressing conflict strategies, conflict management and dialogue. Light snacks are provided, and students can learn skills to talk to one another during conflict effectively and respectfully.

Meetings with Students: Spoke to a student about the ethical contract committee. What was required for divestment and the procedure. Discussed the criteria for a request of disassociation.

Important Projects: We Are Jane Doe Project paused. Amends to the project will be made which include but aren't limited to the statement, date, presentation etc. Me and VP Wald will be collaborating with the Senate, clubs and faculty to complete the amends and the project. Meetings will begin this week.

Additional Notes: Ethical Contracts Committee rescheduled to Friday (10/30/2026)

- Met with Senator Smith to discuss a possible work group.
- Monroe Institute went great; it was a pleasure to converse with students about how student government works.

Resolution Opposing Initiative IL26-001

Whereas the current federal administration continues an assault on education and the rights of individuals belonging to marginalized identities;

Whereas Initiative IL26-001 acts as a continuation of these dangerous tactics within our state through the restriction of education, particularly by allowing parents to "opt their child out of assignments, activities and other student engagements" [1] that regard content about sexual identity, mental health, and challenge "the child's family beliefs, morality, religion, or political affiliations"[2];

Whereas this emphasis on parental discretion in education often leads to the suppression of educational material as detailed in the American Library Association's report on the censorship of books and materials in the US, wherein they found that "[o]f the [4,235] unique titles challenged in 2025, 1,671 (39%) represent the lived experiences of LGBTQIA+ people and people of color"[3] ;

Whereas ASWWU supports a child in the public-school system's right to a full, quality education not subject to censorship;

Whereas the initiative also concerns advancing the ability of parents to gain access to "[r]ecords of any mental health counseling"[4] ;

Whereas 68% of transgender youth report baseline anxiety symptoms[5], as well as "disproportionately report[ing] higher suicide attempts compared with cisgender adolescents"[6], exhibiting their particular need for mental health counseling;

Whereas transgender youth are also particularly vulnerable to potentially dangerous situations like being "outed" – i.e. being forced to disclose their identity status or having their identity status be disclosed without consent – to their parents;

Whereas the potential of outing of transgender and/or gay youth is exacerbated by the initiative's inclusion of the deeply harmful and inappropriate unconstraint for parents to demand access to information regarding their child's relationships and sexual identity in school[7];

Whereas ASWWU supports standing in a firm position against initiatives that contribute to the erosion of protections for children,

Now Therefore Be It Resolved **that the Associated Students of Western Washington University:**

1. Adopts this resolution to express its official opposition to Initiative IL26-001.
2. Urges Western Washington University students to vote NO on Initiative IL26-001.

Resolution Opposing Initiative No. IP26-645

Whereas Washington State is currently experiencing significant fiscal challenges that have resulted in reductions to public services and investments in higher education;

Whereas Western Washington University and institutions of higher education across the state have faced budget reductions that impact programs, staffing, and educational access;

Whereas Washington's tax structure has long been recognized as among the most regressive in the nation, placing a proportionally greater tax burden on low- and middle-income residents than on the wealthiest households[1];

Whereas the Washington State Legislature adopted Senate Bill 6346 in 2026, establishing a 9.9 percent tax on household income exceeding $1 million annually, and Governor Bob Ferguson signed the legislation into law on March 30, 2026[2];

Whereas the millionaires tax represents a significant step toward creating a more equitable and sustainable revenue system in the future, capable of supporting public services, including higher education;

Whereas students have a vested interest in a robust state general fund that enables continued investment in public colleges and universities, financial aid, student support services, and educational opportunity;

Whereas Initiative Measure No. IP26-645 would repeal the 9.9 percent tax on annual income exceeding $1 million and prohibit state and local governments from ever imposing taxes on individual income or taxes measured by individual income[3];

Whereas repealing the millionaires tax would undermine efforts to establish a more progressive tax structure and limits future options for raising revenue to support higher education and other public services;

Now Therefore Be It Resolved **that the Associated Students of Western Washington University:**

1. Adopts this resolution to express its official opposition to Initiative NO. IP26-645.
2. Urge students to vote NO on Initiative No. IP26-645 in the November 3rd, 2026 General Election.

ASWWU

Resolution Opposing Initiative No. IL26-638

Whereas transgender and gender non-conforming people are deserving of respect, dignity, and protection in their daily lives.

Whereas since 2023 there has been a substantial rise in legislation targeting transgender and gender non-conforming people, with a staggering 1,022 bills proposed nationally in 2025 that seek to negatively impact[1];

Whereas heartbreakingly**,** according to the Trevor Project, "90% of LGBTQ+ young people said recent anti-LGBTQ+ laws, policies and debates caused them stress or anxiety"[2];

Whereas initiatives and policy that target the outing, exclusion, and surveillance of transgender and gender non-conforming people, especially youth are particularly dangerous and disgusting;

Whereas Initiative 638, if passed, would require any student seeking to join a competitive sport intended for female students to be subjected to an examination that "verifies the students biological sex"[3] via a study of their reproductive anatomy, genetic makeup, or "testosterone levels"[4];

Whereas these unnecessary, examinations would subject children, especially young cisgender girls, to invasive procedures by adults with no real purpose beyond the shaming of trans and gender non-conforming youth and taking another step towards excluding them from public life;

Whereas ASWWU understands that standing in solidarity and supporting transgender, gender non-conforming students, and women on our campus today, starts with supporting their right to a safe childhood;

Now Therefore Be It Resolved **that the Associated Students of Western Washington University:**

1. Adopts this resolution to express its official opposition to Initiative Measure No. IL26-638.
2. Urge Western Washington University students to vote NO on the upcoming November 3rd, 2026 Washington General Election.

Resolution Supporting Whatcom Initiative 2026-18

Whereas approximately 70 percent of current Western Washington University students live off campus[1] and;

Whereas more than one-third of Western Washington University students surveyed in the latest NCHA report indicated that they would consider leaving school due to a lack of safe or affordable housing[2];

Whereas Bellingham's housing expenses are approximately 35 percent higher than the national average[3], and rising costs in safe housing disproportionality affect financially insecure students by increasing barriers to housing security and educational success;

Whereas on average, paid algorithmic pricing tools artificially inflate national housing costs by $70 a month, ultimately exacerbating rental exploitation among Western Washington University students[4];

Whereas Initiative 2026-18 will ban the use of paid algorithmic services to analyze public and private data to increase housing costs, and will prohibit two or more landlords from establishing rental prices[5];

Whereas Initiative 2026-18 establishes civil and criminal penalties for landlords and property managers who engage in unlawful rental price-fixing practices, creates investigatory mechanisms, and protects tenants from retaliation when reporting misconduct[6];

Whereas these protections are intended to promote a more competitive and transparent housing market, which benefits and protects those Western Washington University students who rely on off campus housing;

Whereas ASWWU finds it critical that we support efforts that improve housing affordability and tenant protections to promote equitable access to higher education and encourage retention among the population who live off campus;

Now Therefore Be It Resolved **that the Associated Students of Western Washington University:**

1. Adopts this resolution to express its official support for Initiative 2026-18
2. Urge Western Washington University Students to vote YES on Initiative 2026-18 in the November 3rd, 2026 General Election.
