Name of the Event/Project/Conference: Washington Student Association Meeting for April in Vancouver

Event Date(s): April 18, 2015

Location: Vancouver, WA

Estimated Number of Attendees: 7

Reason for Funding: Gas reimbursement for Patrick Eckroth who drove an enterprise vehicle to the WSA Meeting and needed to put some gas in the car to return back from the trip. The reason this is coming out of the LACF is because the Legislative Affairs account has a low balance because of the increased cost of the ASWWU legislative agenda and the cost of using enterprise versus the AS motorpool. The outdoor center has priority over the AS motorpool cars and they use them every weekend which is why we have occurred an increase cost for travel to WSA, Olympia, and other related weekend activity.

It is important to send a large delegation to the WSA Board of Director meetings to make sure many students have a chance to participate in WSA activities and contribute to the conversation. It is also in several AS employees job descriptions to attend.

Amount Requested from the Legislative Action Fund: \$25.29

Funding your group is providing: The legislative affairs fund contributed: NTE \$200
