Budget Process Summary

In summary, the AS Budget Process:

1. Budget Authorities and Student Coordinators work together to submit a proposal- they refer to past actual spending, mandatory increases, and any areas where reductions are possible, while still maintaining current service levels.
2. Budget Authorities attend Budget Committee to describe their areas and answer any questions.
3. Budget Committee reviews budgets and makes recommendations (7 students, 2 staff).
4. The AS Board has final approval of the AS Budget (7 students elected by students).

Budget Process

Introduction: The AS continues to develop and move towards a budget process that allows for a recommendation of the AS Budget to the Board for approval prior to the Services and Activities Fee proposal submission.

Philosophical Structure: Budget Authorities were informed of the significant budget constraints the AS faced this year primarily due to significant mandatory wage increases (this year minimum wage increased \$1.50). They were provided with five years of actual spending, as well as the allocation from last year. Authorities were asked to look for possible reductions based on past spending to assist the AS in balancing the budget. Due to the budget constraints this year increases were allowed only to maintain current services. Expansion of services requests were only allowed if they came as the result of a restructure or AS Assessment. Some initiatives/programs currently funded as AS Grants were scheduled to end this year. If they assessed to show a need and desire to operationalize, they were included in the operational budget requests with a detailed description in the justifications. The Committee removed some of the larger requests and recommend continuing to fund them from reserves. These items would have added an additional \$123,000 to the Operating Budget. The Committee also reduced in areas where funds have remained unspent, reducing the budget by about \$8,000 from the proposals.

Budget Committee Budget Priorities List: In past years, the Board of Directors provided a Budget Priorities List to the AS Budget Committee to provide direction in order to hold both parties more accountable on their decisions. No list was identified by the current Board.

Budget Committee: This year the students on Budget Committee reviewed budgets in 18 hours of meeting time to make this recommendation. This year the committee used Sharepoint to allow for committee members to review budgets before the meeting. The students at-large did an excellent job looking over all of the budgets extensively and consistently. Budget Committee paid particular and consistent attention to areas where line item spending was unused in the last several years. Budget Committee also reviewed and made recommendations about operationalizing AS Grants that were ending.

Notable Changes

Mandatory Salary Increases: \$151,339 estimated additional cost

- Student salaries increased based on the Salary Determination Policy. This year minimum wage increased 12.5%. \$12.00 effective 01/01/19 and \$13.50 effective 01/01/20).
- There were also several reclassifications in the Student Staff to match more closely the university titles and levels for work.
- Professional Staff increased by 3% and Classified Staff increased 3% effective 07/01/19. In addition, for classified staff not at their top step, a step increase of roughly 5% is awarded.

Mandatory Fee Increases

- Institutional Recharge increased per university rates to 5.775% an increase of \$4,848.

Assessment Recommendations as passed by the AS Board

- Addition of another AS Outback Summer Apprentice (3 total now) total cost \$2,487.

Creation of Budget:

- FXXLWN: A separate budget was created for AS Productions Lawnstock, a free all day concert in the spring. This was created in the hopes of tracking the actual expenses for this large event and to separate it out from the revenue-generating budget of FXXPOP.

Combination of budgets

- Activities Council was combined with Club Activities Admin. The budget was used to track copies for the committee in the past, but now documents are shown electronically in meetings.
- AS Personnel Recruitment FXXPRR was combined with FXXPRS because they have the same Budget Coordinator and FXXPRR was a small budget.
- Fall Staff Development FXXDEV was combined with FXXPTR Personnel Training to show the cost of trainings for the entire year.

Restructured Areas

- FXXESC- moved to a new model for professional staff with the Ethnic Student Center (ESC) Club Advising Manager and the ESC Programming and Events Manager.
- FXXKUGS- changed some positions from 3 quarter 15 hour positions to 4 quarter 10 hour positions. This resulted in a savings for the AS and will meet the program's needs.
- FXXROP- added a few summer planning hours for positions and increased the Veterans Outreach Coordinator to 15 hours a week from 10 hours.

Significant Decreases

- The AS Review decreased their printing cost by \$2,900 with the move to bi-weekly (instead of weekly) printing of the AS Review. This helped to offset the increase due to reclassifications.
- Club Conference Funding was reduced by \$2,000 to match the spending pattern.
- AS Bookstore Contribution was reduced to zero (a reduction of \$25,000) due to FY'19 impacts on profit share revenue as a result of the temporary relocation of the Bookstore during the Bookstore Renovation and Multicultural Services Center construction.

AS Grant Recommended for Operationalization

- AS Board Assistant for Academic Shared Governance. Original granted ended in FY'18. Board approved one year extension in FY'19.

AS Grants recommended for extension

AS Outdoor Center Trip Leader Training (currently ends FY'19)

Purpose: To offer trainings for trip leaders to increase safety on excursions, to ensure that consistent information is known by trip leaders, and to lower barriers to these positions resulting in an increase in diversity of employees hired.

Reason: Due to the 12.5% increase in Minimum Wage this year, the Budget Committee Recommends extending this AS Grant. Adding this amount to the Budget is not feasible at this time, and the program still needs more assessment.

Term: Budget Committee feels the AS Board should determine the amount and length of grant.

AS Student Senate (currently ends FY'19)

Purpose: The ASWWU Student Senate will encompass students from many different areas and interests and will assist the current ASBOD in their day-to-day operations, in order to ensure a representative system of student leadership on a campus the size of Western Washington University. It includes 24 elected students representing all colleges, paid at a level 3 rate.

Reason: Due to the 12.5% increase in Minimum Wage this year, the Budget Committee Recommends extending this AS Grant as adding this amount to the Budget is not feasible at this time. In addition, efforts have been made to obtain some funding from other sources. Since the total amount needed in the Operational Budget going forward is unknown, recommend extending the Grant.

Terms: Budget Committee feels the AS Board should determine the amount and length of grant.

AS Grants Recommended for addition to Reserves Policy

Student Enhancement Fund (Original Grant ended in FY'18. Board approved one year extension for FY'19)

Purpose: This is funding for at-large students in need to participate in special opportunities such as conferences for travel, lodging, registration, etc.

Reason: Due to the 12.5% increase in Minimum Wage this year, the Budget Committee Recommends extending this AS Grant as adding this amount to the Budget is not feasible at this time. In addition, adding this as one of the tiers for distribution in the AS Reserves allows for allocations to be given on a yearly basis based on funds available.

Terms: Current Grant: \$41,241.05 grant to maintain the Student Enhancement Fund (\$35,000 in SEF balance / \$6,241.05 for SEF Facilitator) for the 2018-2019 academic year.

Ongoing AS Grants

It is important to keep track of AS Grants in this Budget Allocation Report for accounting & updating purposes, no recommendations were made on these grants by Budget Committee as they have already been passed by the AS Board. AS Grants are approved by the Board and expended/held in “Pre-approved AS Grants” in the AS Reserves. The policy states that no more than \$50,000 should end in a fiscal year to minimize the impact of operationalization if necessary.

The AS Grants continuing in Fiscal Year '20 are:

Student Leadership Council (ends FY'20)

Purpose: This funding will be used for different programming for current and prospective students within AS and other departments on campus. Throughout the year, this grant will also be used to promote the representation of the students who identify with this council. This includes bringing in speakers during AS Personnel trainings that will center the experiences of marginalized students, and provide resources for students to grow within their positions.

Total allocation: \$6,000 for 2 years (\$3,000 in FY'20)

Womxn's Identity Resource Center Advocacy Coordinator (ends FY'20)

Purpose: This is a pilot position to advocate for students marginalized by their identity as Womxn.

Total allocation: \$22,907 for 3 years

Western Food Pantry (ends FY'20)

Purpose: This is a pilot program to create a Food Pantry to be housed in the VU for students in need.

Total allocation: \$5,100 for 3 years

Challenges

S&A Fee Committee: The S & A Fee Committee operates under a different timeline than the AS for their budgets and had deadlines before the AS Budget process was completed. This posed a challenge for the AS student representatives because, while every other S & A Fee constituent group was presenting finished budgets, the AS was presenting a pro-forma budget which often had changes between meetings. Deliberation was therefore more difficult and other members urged the AS to bring final numbers when budget negotiations were taking place.

Snow: Meetings were on Mondays and Wednesdays. In February, Western closed 3 of those days.

Vacancy in AS Vice President for Business & Operations: The Budget Process, passing of the Charge & Charter, and appointment of students to the committee were delayed due to a vacancy.

Conclusion

The Budget Committee is proud to present these recommendations that are a collaborative work that represent being fiscally responsible with student dollars. The funds being requested are a closely budgeted process that represents actual spending and actual revenue received in the past.
