The Associated Students of Western Washington University (ASWWU) is the official government representing WWU students at the local, state, and federal level, as well as to our faculty and administration. The ASWWU employs over 200 students and provides many of the services offered on our campus, from educational events to entertainment centered programming to resources that support student communities.

Dear Legislators,

It is with great pride and respect that we present our 2017 Legislative Environmental Lobby Day Agenda on behalf of the Associated Students of Western Washington University (ASWWU). This document has been drafted with great care to represent the concerns of Western students regarding the environment.

As students, we are not immune to the human effects of the Planet. These manifest themselves in many ways, through environmental racism, ecological degradation, and in human health. 2017 is a critical year, and this year's agenda was crafted to reflect our urgent concerns with environmental issues.. As our county's population grows, the seriousness in finding innovative solutions for economic, social, and ecological sustainability issues becomes even greater. As your constituents, we ask you to carefully consider these needs as you read our agenda,.

Thank you for review our ASWWU Environmental Lobby Day Legislative Agenda. We appreciate the hard work you do for students and hope that you will join us in building a better future for Washington State. We appreciate your continued support.

Sincerely,

The ASWWU Board of Directors
