## Recommendations 2016-17:

### 1. Alter the VU Gallery Director Job Description to make the terms of exhibitions more flexible.

Currently, it is required for the Director to plan three (3) exhibitions per quarter. This is explicitly stated

#### • Provide comprehensive and accessible programming in the VU Gallery by:

*o Being primarily responsible for the programming and presentation of three (3) exhibitions per quarter. This includes- Plan, book, and make other arrangements for each exhibit (i.e. call for works, development of prospectus, exhibition agreements, insurance forms, etc.).*

In theory, this would average out to 3 weeks per show. However, in practice, shows are limited to two weeks. Due to these limits, it is difficult for the Gallery Director to attract off campus and outside artists for exhibits. We propose that the job description be altered to a requirement of at least two (2) exhibitions per quarter. This allows the Director to still plan for up to three (3) exhibitions, but also offer longer engagements to artists. The altered section of the job description would read as follows:

#### • Provide comprehensive and accessible programming in the VU Gallery by:

*o Being primarily responsible for the programming and presentation of at least two (2) but no more than three exhibitions per quarter. This includes- Plan, book, and make other arrangements for each exhibit (i.e. call for works, development of prospectus, exhibition agreements, insurance forms, etc.).*
