Background & Context:

LAC adopted an issue stance protocol and bill tracking document to help our AS Legislative Liaison, Matthew Bobbink, in advocating for higher education while best representing Western Students. This stance protocol was inspired by a similar process from the Washington Student Achievement Council. A similar bill tracking process has also been adopted by WSA.

Rationale:

It is important to take stances on higher education related bills so that Matthew can maximize his ability to represent Western students in Olympia.

Taking stances is an extremely timely matter, which is why it is important to take action on these bills as soon as possible, especially since this is a short 60 day session and deadlines are fast approaching.

***** Huge kudos to Patrick Eckroth, AS REP Legislative Intern, for helping draft the issue stance protocol and bill tracking process as well as for preparing all of the bill summaries cited above. *****
