- IV. INFORMATION ITEMS**
  - A. 16-17 Proposed LACF Budget**

Eckroth said the revenue listed on the screen is projected, because they will not know until enrollment is finalized. We're anticipating about 42K in revenue for next year. We had a slightly reduced revenue this year due to stabilizing the LACF. If we want to keep the capacity of what we're doing, then we might need to increase the fee soon. He said the job description for BA for VLD is going through Personnel and the Board will see it soon. There will be the standard pay and then benefits. The pay will be double. The dues for WSA and USSA are not

finalized, he does not expect them to go up though. He estimated that enrollment might go up soon, so dues will also go up. He estimated a safe number. WSA uses FTE and USSA uses headcount, which makes what we have to pay them in dues different. The headcount changes more from quarter to quarter than the FTE does. We're also looking into making WSA travel non-discretionary. In consolidating budgets some of the transportation will be moving. They're trying to keep the S&A fee from increasing too drastically. He asked for questions. There were none. He has reviewed the reserves policy and they'll be right at the amount they should be at by the end of the year. Next year there will be a lot of reductions in what was allocated for discretionary funds. They increased the allocation for USSA Congress from 2K to 7K, which should be enough. The NSPS was raised by about 500 because the costs in DC are a bit higher. USSA related expenses are shifting downwards because we're not expecting to host a USSA meeting, though if they do then they'll dip into Board funds. They'll still have to reduce the amount that goes to each trip. WSA expenses are gone because the travel expenses have been moved to non-discretionary. We're also hoping to expand additional lobbying efforts so that area will likely increase. No discussion.

## **V. DISCUSSION ITEMS**

### **A. USSA Congress**

Eckroth said he opened the application for USSA Congress. He said they will be sending out an email soon and he wants the council to encourage their successors to apply. Nine people will be going; LAC will be funding 8 and AS President Elect Stephanie Cheng will likely be sent through Board funds.
