		Does Not Meet Criteria	Meets Criteria	Exceeds Criteria	Score
	* POINT RANGE	0-1	2-5	6-7	
Relevant to Sustainability	Environmental Impact	The project impacts only a few individual's sustainability and has no impact on the community at large.	Impacts a department or a project's sustainability.	The project impacts sustainability at the university-wide level, reducing either its greenhouse gas emissions or waste levels.	
	Social Impact	The project has little to no positive social impact. It disproportionately stresses marginalized communities.	The project offers moderate social sustainability and most of the impact is on campus.	Project benefits and engages diverse groups of people, both on and off campus. It benefits those most affected by climate change or fosters greater understanding of social sustainability	
	Social Reach	The Project effects a small group of people on campus who see a small benefit.	The project is accessible or of interest to a smaller group of people on campus who benefit a large amount.	The Project Benefits and engages diverse groups of people, both on and off campus.	

	Economic Impact	There is a high cost with low student/University benefit and the project is not economically sustainable. There are no potential parties to match funds.	High/moderate cost, for moderate student benefit	The benefit of the project is significantly higher than the cost. And/or, other parties are willing to invest in this project.	
	Student Leadership	Project is faculty/staff led, students offer support.	Project is co-led by students and faculty/staff.	The project is run by students and supported by staff. There are multiple opportunities for student leadership.	
	Stakeholder Buy-in	Stakeholders are disengaged or incapable of supporting the project. There is no clear ownership of the project.	Stakeholders are willing to be involved but not dedicated.	The ownership of the project is explicit and stakeholders in the project are engaged and dedicated to the project.	
Does this add onto, or work in tandem with any other campus initiatives goals or projects? Yes No . ____
