

AS Legislative Action Fund Funding Request

The Legislative Action Fee is a \$1 per quarter charge to all students. These funds are used to finance efforts to represent Western Students at the local, state, and federal level. The management of the Legislative Action Fund is facilitated through the Legislative Affairs Council (LAC), chaired by the VP for Governmental Affairs.

If you are interested in requesting funds from the Legislative Action Fund, please submit this form to the AS VP for Governmental Affairs at ASVP.Gov@wwu.edu. After this form is submitted, you will need to meet with the VP for Governmental Affairs for additional details and direction. The VP for Governmental Affairs will then take the proposal to the next Legislative Affairs Council for the two-week approval process. You, or someone from your group, must be in attendance at both meetings. If your funding request is approved, the Legislative Affairs Council will provide you with an agreement that you will need to sign.

Estimated Number of Attendees: ~50

Reason for Funding: *Request for full-funding for advertising materials relating to Local Lobby Day 2019. The costs will cover posters, banners, social media design and trifold agendas for about 50- 60 students for Local Lobby Day. These materials will drastically increase our visibility on campus in advertising for Local Lobby Day and thus dramatically increase participation and civic engagement amongst Local Issues, and is therefore of utmost importance in relation to the charge and charter of this council. To clarify, we are requesting 120 total trifold agenda, 60 for City and 60 for County; students will share them and each local official will receive one apiece. An additional 30 posters have been requested, 15 for the Whatcom Community College campus and 15 for the Bellingham Technical College Campus, as both of these institutions lack the concrete funding apparatuses to cover the costs for civic engagement advertising, but have had students in their "AS" express interest. LAC covering their costs will expedite the process of getting these universities on board and further legitimizes ASWWU students by uniting the Lobby efforts of all Bellingham/ Whatcom County colleges/universities.*
