VI. ESC Updates

Battsengel asked for a general consensus of caucus lunches to occur quarterly. Each day will be a different caucus lunch and will be discussion based with food provided.

VII. Thoughts on Leadership Advocacy Force

Workshops were mentioned because from the general sentiment from prior years is that people become complacent in their roles and these workshops could be focused on social justice or career oriented. This may involve conversations about identity and social issues and one suggestion was for a workshop to be focused on event planning. Battsengel mentioned the idea for the first half of each meeting to be focused on the committee members to present on behalf of their club. Battsengel mentioned that a meeting could be focused on what the collaborations the committee members want to do. Rivera mentioned having discussions on issues facing the college campus as a whole and how to address those concerns if problems arise.

Yesugen Battsengel, Committee Chair, adjourned this meeting at 4:52pm.
