March 31, 2019

As the first family of responsible and diversified fossil fuel free mutual funds in the U.S., Green Century has been a leader in environmentally and socially responsible investing for more than 25 years.

Green Century offers investors the opportunity to make an unrivaled environmental impact with their investments. Our unique three-pronged approach features investments in environmentally responsible companies, a preeminent

shareholder advocacy program that pushes for more sustainable corporate practices, and one-of-a-kind support for environmental and public health organizations. As the only mutual fund company in the U.S. founded and owned by non-profit organizations, 100% of the profits Green Century Capital Management earns managing its Funds support the critical work of these organizations.

Investment Objective:

The Green Century Balanced Fund seeks capital growth and income from a diversified portfolio of stocks and bonds which meet Green Century's standards for corporate environmental responsibility and sustainability.

Sustainable Investment Strategy:

The Fund is an actively managed fund comprised of approximately 75 stocks of small-, mid- and large-cap companies, mostly based in the U.S., and primarily investment grade bonds.

The Fund invests in:

Environmentally responsible companies, especially well-managed and innovative leaders in the renewable energy, energy efficiency, and healthy living sectors.

More than 50% of the Fund's fixed income holdings are in green and sustainable bonds that finance climate change mitigation and renewable and sustainable energy projects.

The Fund excludes corporations that:

Explore for, extract, process, refine, and transmit coal, oil, and gas; burn fossil fuels to make electricity; or possess carbon reserves.

Produce nuclear energy, nuclear weapons, civilian firearms, military weapons, GMOs (Genetically Modified Organisms), or tobacco; or are factory farms.
