V. Information Items - Guests
A. 2020-21 Shred the Contract Resolution- Handa
   1. Handa stated that two Huxley senators, Neff and Wagner, would present the resolution.
   2. Wagner presented the resolution. Neff stated that the resolution came about from the recent advancement of the contract between Western Washington University and Aramark. This resolution is updated from last spring in response.
   3. Handa stated that the goal of the document is to hold the AS and WWU accountable to this recommendation. In terms of cost, it is cheaper to use the Outback Farm, and local food production with a self-operated dining system. If this were to pass it could use guidance from the communications office and become an official AS opinion.
   4. Ballard stated that she was in support of the resolution as students have been advocating for a self-operated system for a long time. Continuing to pass documents creates a paper trail.
   5. Handa invited the board to attend Shred the Contract (STC) meetings.
   6. Neff stated that attendees of STC have expressed the need for tangible actions that allow STC members to directly communicate with administration.
   7. Brock asked if the resolution will go on the Board of Trustees agenda, and if STC would be involved with the presentation if so. He stated that there was a consulting report with lots of information about the current dining system and the proposed new one, which may a useful resource for the resolution.
   8. Handa responded that the resolution will be on the Board of Trustees agenda for STC to communicate their message directly.

MOTION ASB-20-F-25 By Ford
To add ten additional minutes to the 2020-21 Shred the Contract Resolution item.
Second: Handa
Vote: 6-0-0 Action: Passed

9. Brock asked if the resolution is the only way for students to attend the Board of Trustees meeting. Alexander stated that the resolution would be a part of the AS President’s report to the Board of Trustees (BOT), and the other way to present to the BOT would be to pass through the BOT chair.
10. Molina stated that there has been a week to look at the resolution and passing it sooner may help spread support for Shred the Contract. Ballard stated that she is hesitant to pass without more input from students outside of the student government.
11. Handa stated that the resolution isn't going out immediately, it is in the revision process, but an emergency meeting could be called to pass the resolution before the date necessary to submit documents to the BOT, perhaps the following Tuesday.

A. Committee Reformation- Brock

1. Brock stated that the Committee Council’s Charge and Charter language was changed due to concerns about taking the committee process out of student’s hands. Creating a committee council for restructuring the committee system can be added later though if needed. As students aren’t being compensated for their work, it’s beneficial to keep membership low.

*MOTION ASB-20-F-27* by Ford
To approve the Committee Council Charge and Charter.

*Second: Ballard*  
*Vote: 6-0-0*  
*Action: Passed*

B. Western Washington University Board of Trustees Resolution- Handa

1. Handa stated that the resolution was the same as presented in previous weeks. She explained that there have been 744 signatures on the online petition that asks the BOT to acknowledge equality between the Student Senate and the Executive Board. Outside advice stated that it may be illegal to have a governing body and it’s constitution unacknowledged and unapproved. The AS website does not acknowledge equality between the bodies as well. Handa and Ford will meet with Huskey and Randhawa to make sure both bodies are represented on the BOT.

IX. Information Items - Board
A. Ethnic Student Center Executive Board Charge and Charter- Molina
   1. Molina stated that currently the Charge and Charter of the Ethnic Student Center (ESC) Executive Board is not able to function as it states that a representative from every ESC club must be present. Many clubs aren’t currently active due to COVID-19. This edit would change the wording of membership to “a majority of currently active clubs will constitute membership.” There are currently seventeen active clubs with officers.

Ford stated that Selam Swier, senator from the College of Business and Economics is serving on the committee, as well as Ranulfo Molina AS VP for Diversity is serving as chair.
   2. Handa stated her favor for the edits as having the Director of Representation and Student Governance on the council may be giving the position too much power.

There will be a temporary counselor for this year, and then a permanent counselor to support black students. He has also been working on BSO demands and working with committees.
