Instructions

If your submission is approved, you will become the Primary Contact of the organization. Continue only if you are to be the Primary Contact on record for the organization.

The registration process can be continued at any time by resuming it from your [Submissions](#) (<https://win.wvu.edu/submissions/registrations>).

This form will take you through all of the appropriate steps you need. Be sure to have the names and **Western email accounts** of your 5 starting members and be ready to upload your [constitution](https://www.campuslabs.com/engage/organization/as-club-activities-office/documents/view/1498498) (click for a template to use). You may stop anytime and continue at a later date if you wish (to find it again, click on your profile in the top right and go to Submissions).

Some tips:

- the Summary is a brief description of your club that others will see on the Organizations tab
- the Description is a longer description of your club and should include your Statement of Purpose/Mission Statement. It can include details such as intended activities, meeting times, etc.
- the Organization Contact information is publicly displayed; most clubs choose to only include a generic email (Gmail, Hotmail, etc) or another good email address. The rest of the information is not needed.

Please contact jennifer.cook@wvu.edu if you have any questions along the way!
