II. Revisions to the Agenda

IV. Information Items

- Jorge talked about the changes to the LSU charge and charter. The charter says that the club will hold a minimum of 5 quarters. The second change is in case the university goes online again. Lastly, the board members can only have one term.
- Delfine asked if they had any junior advisors in the club. She stated that junior advisors are students that have been in the club one or two times, and they give general advice to the current board about things that happened in the club in the past.
- Chelsea talked about ESC club art. They are looking to get more artwork in the ESC from clubs. They want the board and clubs to pick them. They will provide the clubs

with funds, and they want them to pick art that will go in the ESC. It can be canvas print, original art, or a display piece.

- WILD is happening next Monday. They put together an agenda for WILD and the link to sign up has been put up. There are posters in the ESC with QR codes that will take you to the sign-up link. Chelsea will cover what lobbying is and what to this this weekend.

## V. Action Items

## VII. ESC AS and Club Updates

- SASA
  - Valentine's party today. There will be a photobooth with music and dancing.
