- a. Outback Farm Funding

Bernal wanted to have a formal discussion about what is happening with the Outback farm. Thompson explained that last year a budget was set to be given to the Outback farm from the Associated Students, but it never happened. Thompson continued that the AS admin would be moving away from student coordinator funding but promised it would not pull funding from the Outback farm. Right now, the Outback is being funded by the emergency reserves, which Thompsons said is not a long-term solution. Esteves is going through the AS Finance Council minutes to see when it was decided that funding for the Outback farm would be cut. Ingalls explained that it was surprising funding would get cut on the Outback farm. The Outback Coordinator employee and Ingalls will be working on a proposal to present to the AS Finance Council to extend funding to June instead of December. He stated that if this doesn't happen, the Outback farm could close. He hopes it will be enough time to get funding from the Departmental Related Activities Committee (DRAC). Wong explained that the AS Finance Council never directly took action to defund the Outback farm and AS Environmental Sustainability programs. Wong explained that the budget proposed AS Finance Council said the Outback farm would be funded until December with DRAC then taking over. Thompson clarified that DRAC would take over the Outback farm if they had their own funding. They listed what would be lost with the Outback farm. Durbin said the approved budget never stated that the Outback farm would go to DRAC.

b. AS Parliamentary Procedure

Wong said there have been edits to the document since the last time it was presented. It is more readable and flexible. This document will apply to both the Student Senate, Executive Board, and other committees in the Associated Students. Wong said that changes made were rearranging and generalizing that the chair can call on anyone (instead of members) to speak.

d. Winter Meeting Time

Wong said they would like to keep the meeting time the same as fall quarter’s meeting time and asked the Senate’s opinion about it. Thompson advocates possibly changing it and asked that the Student Senate be presented with a couple of potential meeting times instead of just one. The Senate talked about whether to have the December 4th meeting, and decided if there is no one to confirm for the vacant College of Science and Engineering Senators position and if there are no other pressing issues, then the meeting will be canceled.

**IX. SENATE REPORTS**

Duong and Durbin will both be having a bagel luncheon at their respective colleges. Thompson said they are working on food security project on campus. They are also working on getting the College of Environmental Studies building more accessible as it is going under renovation.
